Resume of Kyle Olson

hello@kyleolsondesign.com

(714) 922-0129

Hello! My name is Kyle, and I'm a creative web professional, living in San Francisco, California.

I've got loads of experience as an engineering architect, a project lead, and with front-end developer operations. I'm also a strong creative problem-solver and an interaction, animation and graphic designer.

Professional Experience

Apple

Engineering Architect, January 2011 — Present

Architecting UI frameworks for web and app development
Creating processes and tools for UI development, continuous integration, and systems integration
Developing UI for iOS and Apple TV apps
Coaching a team of exceptional, design-oriented engineers
Leading engineering teams to create product marketing sites
Concepting and prototyping interactions and animations

Level Studios

Senior User Interface Developer, June 2008 — January 2011

Created product marketing sites for Apple
Coded marketing and social sites for HP, RIM, and ESPN

Skills

Communicating technical issues to non-technical people
Writing code that is flexible, robust, and future-proof
Finessing interactions and animations
Unwavering focus on typography and graphic design
Practical, creative problem solving
Adaptable multi-tasker

Education

California Polytechnic State University, San Luis Obispo

Bachelor of Science degree in Graphic Communication
Concentration in Design Reproduction Technology
Magna Cum Laude
Dean's and President's Lists
